

FREE WORKSHOP

Sponsored by Divorce Mediation Professionals and Adam Holstein, P.D., L.P.

SOFTENING DIVORCE'S IMPACT ON SPECIAL-NEEDS CHILDREN

Ending a marriage is always difficult, but when parents of a special-needs child divorce, they need a special set of tools to help the child cope.

In this informative presentation, attorney and divorce mediator Maren Cardillo, social worker and divorce mediator Barbara Badolato and behavior therapist Adam Holstein will advise parents about the legal, social and emotional impacts of divorce on special-needs children.

Participants will learn about the child's perspective on their divorce and will walk away with concrete tips to ease the transition from a two- to a one-parent household.

Come prepared with questions. Refreshments will be served.
